**OVERVIEW**

Non-dimmable 12VDC drivers that come in 15W and 30W. Wired with plugs, but have wiring compartments for both input and output, eliminating the need for a wiring enclosure.

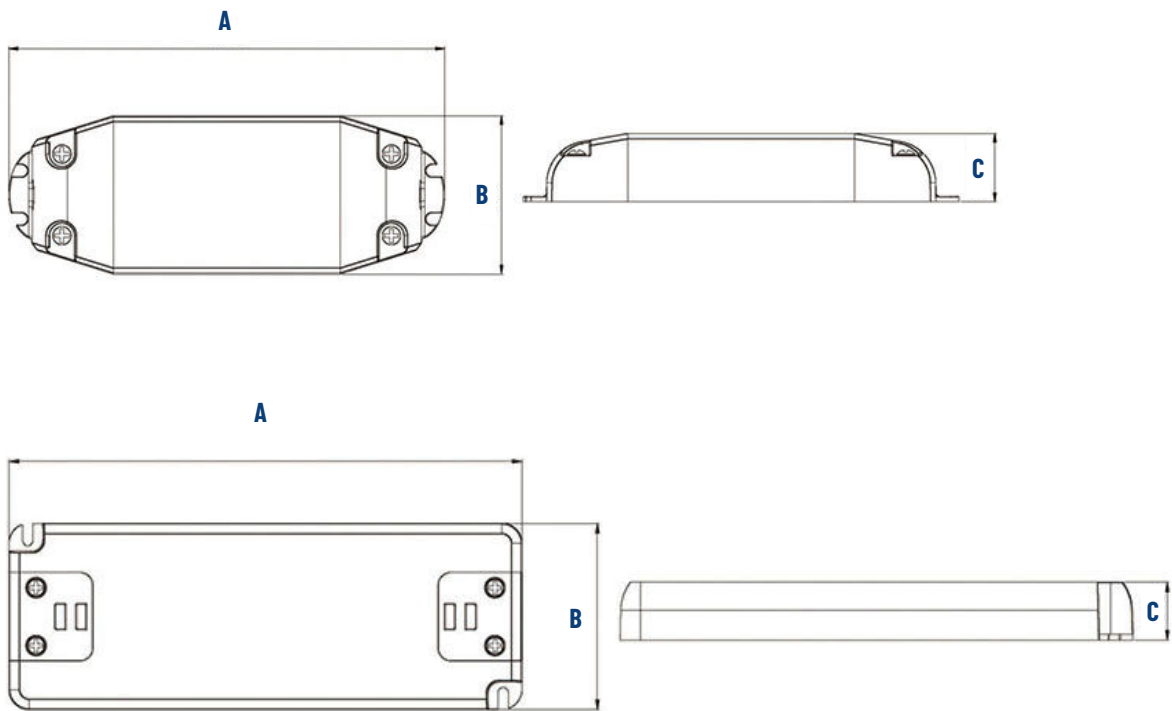

**TECHNICAL SPECIFICATIONS**

|                             |                                       |
|-----------------------------|---------------------------------------|
| Input Voltage               | 100-130VAC                            |
| Output Voltage              | 12VDC                                 |
| Rated Power                 | 15W/30W                               |
| Power Factor (at full load) | 0.95@110VAC                           |
| Efficiency                  | 85%@120VAC                            |
| Protection                  | Short Circuit/Over Voltage/Over Temp. |
| Working Temperature         | -20~115°F / -10~45°C                  |
| Rated Locations             | Dry                                   |
| Dimming                     | NO                                    |
| Warranty                    | 3 years                               |

DIMENSIONS

|     | A    | B      | C      |
|-----|------|--------|--------|
| 15W | 6.1" | x 2.1" | x 0.8" |
| 30W | 7.1" | x 2.4" | x 1.0" |

ORDER CODE

|    |   |       |
